

Land-Sea-Act

The project aims to explore better governance practices to balance local communities' and small-scale businesses' interests with large scale development and investment interests in maritime spatial planning. The main result of this project: a multi-level governance agenda on Blue Growth and spatial planning in the Baltic Sea region.

About the project:

Land-Sea-Act

Land-sea interactions advancing

blue growth in Baltic Sea coastal areas

Duration: January 2019 – July 2021

Total budget: EUR 2.2 million

European Regional

Development Fund: EUR 1.8 million
